YEARS OF EXCELLENCE

Bathroom Collection 2023/24

Colour accents to enhance your space

There's so much to celebrate

For 10 years Instinct has delivered a comprehensive quality range of bathroom, plumbing and heating products sold exclusively by a select group of leading regional merchants & showrooms across the UK.

Ever since its inception the Instinct brand ethos has always remained true to its principles.

Deliver high-build quality products

Products to be well designed and engineered

Products to be styled by leading industry designers

Products to incorporate cutting-edge technology where possible

Products must represent good value

Products to be supported by all necessary regulatory requirements

Whether you are looking for something to complement your existing or new bathroom, the Instinct product portfolio will inspire a high-quality bespoke solution for you.

Now isn't that worth celebrating.

Going Green 178

Welcome to the Instinct Pro Bathroom Collection 2023/24. A comprehensive quality range of bathroom products designed with the Consumer and Installer in mind.

Designed for performance, quality and reliability

Our new Instinct Professional brand, which replaces the Trade Instinct brand, offers trade customers an excellent choice of bathroom products for everyday projects.

The Instinct Pro Bathroom Collection will provide you with a wide choice of bathroom storage, bathroom taps, sanitaryware, showers and so much more. Our range of products are available in a variety of colours and finishes to help you create your new bathroom or complement your existing space.

At Instinct Pro we believe in quality manufacturing and pride ourselves in providing a range of bathroom solutions that are well designed, engineered and represent good value for the Consumer and Installer.

If you are looking for a cost effective bathroom solution for a range of domestic installations, the Instinct Pro product portfolio can provide the answer for you.

Bathroom Storage Features

There are many features in our bathroom storage range. Use the icons to help choose the right option for you.

Guarantees

All our modular furniture comes with a five year guarantee.

Soft Close Doors

Soft close doors for a smooth, quiet closing action.

Soft Close Drawers

Soft close drawers for a smooth, quiet closing action.

Internal Shelf

Built-in shelf to keep everything in its place.

Quick Release

Easy to operate quick release hinges allow fascia panels to be lifted away easily, leaving clear access for maintenance or to clean hard to reach surfaces.

Reversible

Furniture doors are reversible for left or right hand applications.

Plumbing Void

Built-in plumbing void for easy access and repairs.

Basins

Floor Standing and wall mounted basin units come with a one taphole basin.

Sanitaryware Features

There are many features in our sanitaryware range. Use the icons to help choose the right option for you.

Rimless
Rimless flushing, hygienic and easy to clean.

Comfort Height
The comfort height option sits several centimetres taller than standard WCs.

Short Projection
Space saving short projection pans, ideal for small washrooms.

Air Gap
Provides an air space between your tank's water level and your municipal refill line to ensure that cross contamination and back-siphonage is impossible.

Right Hand Flush
Ergonomically positioned cistern handle for convenient flushing.

Full Flush Volume
The total volume of water discharged from the flushing system during a flush cycle.

Dual Flush Volume
The dual flush allows you to save water while providing you with the flexibility to choose between a water saving 4 litre flush or a standard 6 litre flush.

Eco Dual Flush Volume
A more effective water saving flush volume. The dual flush allows you to choose between a water saving 2.6 litre flush or a standard 4 litre flush.

Quick Release
Easy to operate quick release hinges allow the seat to be lifted away easily, leaving clear access to clean hard to reach surfaces.

Top Fix Hinges
Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

Soft Close
The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring.

Tulla Standard Height
Short Projection
Rimless Back To Wall Pan

Comfort Height Pan. Short Projection Pan. What's the difference?

Comfort Height Pans

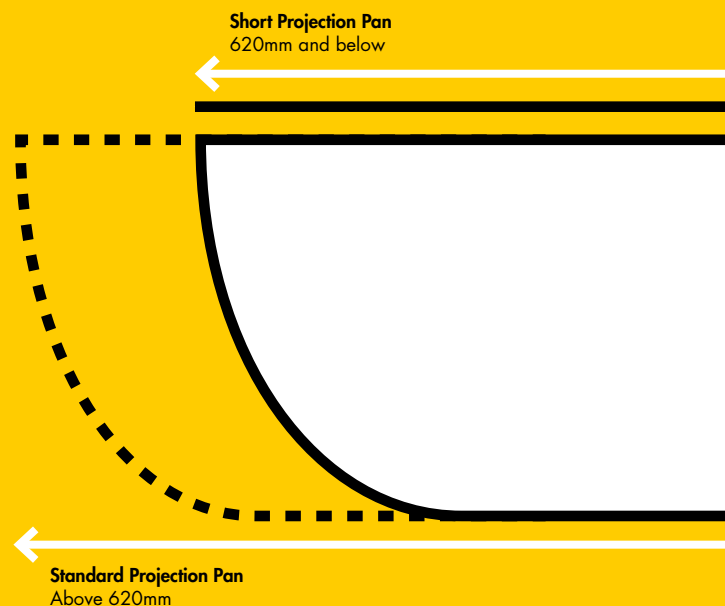

Comfort height pans are designed to ensure that the bowl and seat height is such that they make for comfortable use. Typically comfort height pans are 450mm and above (standard height pans are approximately 400mm in height) and can be particularly useful for the elderly and people with mobility issues.

Short Projection Pans

A short projection pan means that it has a shorter depth than standard, and therefore does not protrude as far, taking up less floor space. Typical short projection pans are 620mm* and below (standard projection pans are typically above 620mm). A short projection pan is ideal for a small bathroom or cloakroom suite.

**620mm is relevant to Close Coupled suites. Below 500mm is considered short projection for Back to Wall and Wall Hung Pans.*

Please look out for the comfort height and short projection icons in the following sanitaryware pages. Alternatively, use the range selector on page 25 and discover which of our Instinct Sanitaryware have comfort height and short projection pan options.

Ultra-Fix®

108051000

£17.00

Ultra-Fix® – How Does it Work?

1. Finned bushing
Eliminates the gap in the mounting hole, preventing hinge movement.

2. One-piece nut
Provides superior clamping force, is easy to install, no additional parts to fit and no corrosion.

3. Shear point
The bottom of the nut breaks off at the optimum tightening torque, indicating a perfect installation.

Flushing Features

There are many features in our flushing range. Use the icons to help choose the right option for you.

Guarantees

All WC frames, concealed cisterns, flush plates, flush buttons and contactless flushing products come with a five year guarantee. The compact concealed cistern comes with a one year guarantee.

Back to Wall Pans

Can be used for back to wall pans.

Wall Hung Pans

Allows wall hung pans to be used.

Wall Hung Bidets

Can be used for wall hung bidets.

Air Gap

WRAS approved Air Gap inlet valve included.

Dual Flush Volume

The Dual Flush allows you to save water while providing you with the flexibility to choose between a water saving 3 litre flush or a standard 6 litre flush.

Easy Install

Our concealed cisterns and WC frames are designed for easy maintenance and installation.

Insulation

The Instinct concealed cistern jackets are fully insulated.

Contactless Controls

Infrared switch allows control with the wave of your hand.

WC Frames

Cabinets + Mirrors Features

There are many features in our cabinets and mirrors range. Use the icons to help choose the right option for you.

LED Lighting
Energy efficient LEDs provide high quality bright light.

Contactless Controls
Infrared switch allows control with the wave of your hand.

Touch Controls
Multi function touch control with on/off functionality.

Heated Demister
Integrated heated demister pad for a steam-free mirror reflection.

Charging Sockets
Keep your electric shaver, toothbrush and electronic devices fully charged.

IP44 Rated
Cabinets and mirrors are protected from water spray from any direction.

Internal Shelves
Built-in shelves to keep everything in its place.

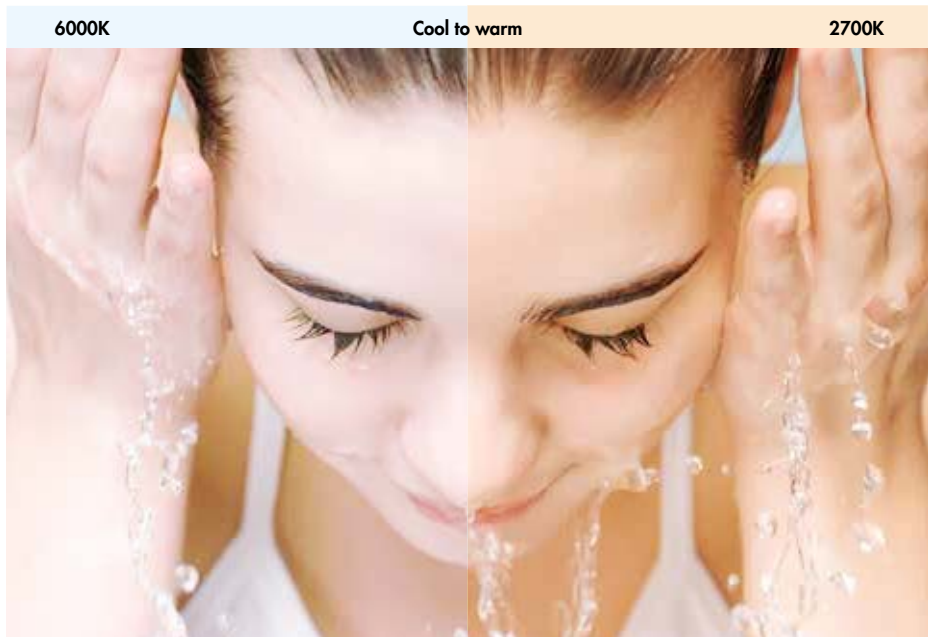

CCT Control
Transform your space with ingenious Colour Changing Technology. Invigorate your morning with bright, crisp daylight or wrap yourself in a soft, warm glow as you spend an hour relaxing in the bath. With a wide spectrum LED ranging from 2700K-6000K*, you can easily shift your Instinct cabinet or mirror lighting from bright and white to warm and intimate at the simple touch or wave of the hand.

*Light temperatures ranges from 2700K (Warm White) to 6000K (Daylight White)

Transform your bathroom with ingenious technology found within the Instinct mirrors collection. Scan to help you find the features which are important to you when selecting your new mirror

Bathroom Taps + Accessories Features

There are many features in our bathroom taps and accessories range. Use the icons to help choose the right option for you.

5

Guarantee
Bathroom taps come with either a one, five or ten year guarantee.

10

Min 0.1 Bar

Minimum Operating Pressure
Suitable for a system with low water pressure.

Max 6 Bar

Maximum Operating Pressure
Suitable for a system with high water pressure.

LP MP HP

System Pressure
Recommended minimum system pressure. Low Pressure at 0.1 Bar, Medium Pressure at 0.5 Bar, High Pressure at 1.0+ Bar.

Single Flow
This single tap style mixes hot and cold water in the body of the tap.

Flexible Hose
Supplied with flexible hose for easy installation

Cold Open
The cold open cartridge system ensures mixer opens with cold water only avoiding the unnecessary use of hot water to deliver energy savings.

Waste
Supplied with a click waste or pop up waste.

Shower Kit
Bath shower mixer supplied with a handy separate side shower.

FR

Flow Restrictor
A device that regulates the flow rate of water through an outlet.

Flow Aerator
Supplied with water saving aerator outlet. This water saving device will control the amount of water that flows through the tap as it mixes water with air.

Flow Straightener
Supplied with flow straightener outlet option.

Backnut
Supplied with either a brass, plastic or metal backnut.

Flow Rate – X.X l/min

Flow Rate
Flow rate shown is based on testing conducted against published pressure using the following criteria. LP at 0.2 bar. MP at 0.5 bar. HP at 3 bar.

Kitchen Taps Features

There are many features in our Kitchen Taps. Use the icons to help choose the right option for you.

5

Guarantee
Kitchen Taps come with either a five or ten year guarantee.

10

Minimum Operating Pressure
Suitable for a system with low water pressure.

Min 0.1 Bar

Maximum Operating Pressure
Suitable for a system with high water pressure.

Max 6 Bar

System Pressure
Recommended minimum system pressure. Low Pressure at 0.1 Bar, Medium Pressure at 0.5 Bar, High Pressure at 1.0+ Bar.

LP MP HP

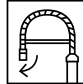

Flexible Hose
Supplied with flexible hose for easy installation.

Flow Straightener
Supplied with flow straightener outlet option.

Flow Aerator
Supplied with water saving aerator outlet.

Pull Out Spout
Pull out spouts feature a spray head that can be pulled directly out of the tap body.

Backnut
Supplied with a metal backnut.

Single Flow
This single tap style mixes hot and cold water in the body of the tap.

Dual Flow
This tap keeps the flow of hot and cold water separate in the body to prevent uneven pressure.

Flow Rate – X.X l/min

Flow Rate
Flow rate shown is based on testing conducted against published pressure using the following criteria. LP at 0.2 bar. MP at 0.5 bar. HP at 3 bar.

Fast Fix

Fast Fix
For a quick and easy installation that allows assembly by hand, without any tools.

Cold Open
The cold open cartridge system ensures mixer opens with cold water only avoiding the unnecessary use of hot water to deliver energy savings.

Shower Features

There are many features in our shower. Use the icons to help choose the right option for you.

 <p>Minimum Operating Pressure Suitable for a system with low water pressure.</p>	 <p>Maximum Operating Pressure Suitable for a system with high water pressure.</p>	 <p>Fast Fix For a quick and easy installation.</p>	 <p>Single Outlets These shower valves supply water to just a single outlet such as a fixed shower head or hand shower.</p>	 <p>Twin Outlets Come with two separate heads, allowing you to enjoy the most relaxing shower possible.</p>	 <p>Thermostatic Valve Thermostatic control means the temperature of the water is regulated to prevent any nasty hot or cold surprises if someone else in your home is using the water.</p>
 <p>Cool Touch Featuring safe touch valve bodies and anti-scald thermostatic technology.</p>	 <p>Slide Rail Kit Consist of a shower head, a shower hose and a rail on which the shower heads slides up and down.</p>	 <p>Telescopic Rail Kit Consist of a shower head, and a rigid riser rail on which the shower heads moves up and down.</p>	 <p>Single Function Handset A single spray function is available on this shower head.</p>	 <p>Multiple Function Handset Multiple spray settings are controlled individually on these shower heads.</p>	
 <p>Water Resistant Our shower curtains are made from water resistant fabric.</p>	 <p>Easy Clean Designed and manufactured to present easy cleaning ability to ensure your shower curtain lasts.</p>	 <p>Machine Washable To keep your shower curtain fresh and clean, machine wash at regular intervals.</p>	 <p>Made from Polyester The Instinct Pro shower curtains are made from 100% polyester.</p>	 <p>Screw Action for Secure Fit Unique screw action ensures a secure fit. Firm, self supporting rod, easy to fit, no tools required.</p>	 <p>Rub Clean Nozzles Shower heads with rubber rub clean nozzles. Rub the nozzles with your finger or a toothbrush to loosen any deposits.</p>
 <p>System Pressure Recommended minimum system pressure. Low Pressure at 0.1 Bar.</p>	 <p>Flow Rate Flow rate shown is based on testing conducted against lowest published pressure or using the following criteria. LP at 0.2 bar. MP at 0.5 bar. HP at 3 bar.</p>		 <p>Hose Type Instinct Pro shower hoses are available in three flexible finishes. Reinforced Stainless Steel, PVC and Smooth. Replacement washers included.</p>	 <p>Hose Bore Size Instinct Pro shower hoses are available in different bore sizes.</p>

Want to upgrade?

Find your perfect shower

Within the Instinct showering collection we have created a range of stylish systems which bring performance, design and engineering to your bathroom.

Choose from our range of bar, concealed, mixer or traditional shower systems to suit your needs. We have single or twin outlet systems, and new for this season push button bar showers which allow for your easiest showering experience yet. Simply set and forget your desired temperature and flow, and the next time you hop in the shower your perfect shower is a push of a button away.

Call into your nearest branch and pick up this season's Instinct Bathroom Collection brochure to find out more.

Scan below and take a look at the new Andros, Hemsworth Lever and los showers available this season.

Andros Bar Showers (Push Button)

Shower Enclosure + Shower Seat Features

There are many features in our shower enclosure and shower seat range. Use the icons to help choose the right option for you.

Lifetime Guarantees
Instinct 6 shower enclosures all come with a lifetime guarantee.

Glass Thickness
All our shower enclosures feature toughened safety glass. Safety glass is around five times stronger than normal glass.

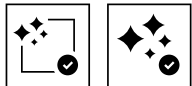

Reversible
The shower enclosure is reversible for left or right hand applications.

Magnetic Door Strips
Magnetic seals provide a water tight seal on shower enclosure doors. These seals have sufficient magnetic strength that latches are not required.

Easy Install
Shower enclosures designed for a quick and easy installation.

Easy Clean Glass / Seats
Designed and manufactured to present easy cleaning ability to ensure your shower enclosure or shower seat lasts for many years.

Weight Limit
Shower seats are designed to safely hold a maximum weight limit.

Going green

We, as Instinct, have a responsibility to the environment. Our aim is to have 100% recycled packaging and continue to work with industry bodies to help customers use their water more efficiently, therefore reducing energy bills and ultimately carbon emissions.

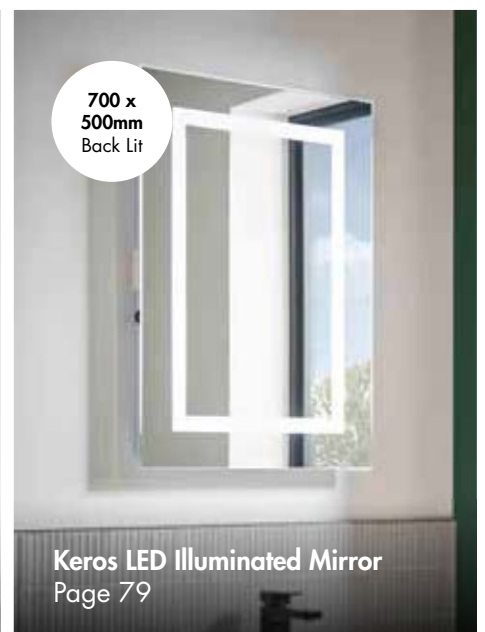

Where required our Instinct products are individually and legally tested to ensure compliance with CE and UKCA Marking. This not only covers material quality but also lifecycle, product impact testing, water integrity and traceability of manufacture.

When it comes to the paper used in the production of this brochure or the wood used in our Wall Panels and Furniture, we have sourced as many products as possible with an FSC® (Forest Stewardship Council®) label or PEFC (Programme for the Endorsement of Forest Certification) accreditation. The FSC® label guarantees that the product originated from managed forests, recycled paper or a combination of both. Products carrying the FSC® label are independently certified to assure that they come from forests that are managed to meet the social, economic and ecological needs of present and future generations.

As a brand, Instinct is committed to protecting the environment and is constantly exploring ways it can improve on this.

Small steps, big change.
